

# New Leader Coaching

YEAR-LONG UNLIMITED LASER-FOCUSED  
1:1 COACHING FOR NEW LEADERS  
WITH DONN LeVIE JR. ON ZOOM

Year-long, Unlimited 1:1 New Leader Coaching  
Program via Zoom

## What is the year-long New Leader Coaching Program?

The year-long program helps you accelerate your career and leadership advancement and is specifically for new leaders. Enrollment is limited to 20 clients at a time. **There is currently room for 10 new clients.**

## How does the program work?

Once enrolled, you'll have your initial coaching session (30 minutes) through Zoom with Donn. Subsequent coaching calls are 15 minutes long. You will receive brief assignments to complete during your call (watching short videos, reading articles, a few short written assignments, self-assessments) based on your objectives and goals. You'll also receive a recording of the Zoom call.

After you complete the brief assignments, **only then** can you schedule your next coaching call with Donn. Every quarter, you'll have a 30-minute "course correction" call with Donn to ensure your progress is on track with your stated objectives or to make any course corrections as needed.

## Are assignments time consuming or difficult?

No, not at all. You don't have to turn in assignments, but they will help you during the next coaching check-in/Q&A session and get the most of the coaching arrangement. Assignments are not difficult or long, but in many instances you'll be challenged to dig deeper to uncover root causes of issues, problems, or "career inertia" to help identify obstacles in your pathway to greater leadership success.

## How much can we do in a 15-minute coaching call?

Good question! The 15-minute coaching call is for quick responses to one or two questions or issues, and to check in with your progress with assignments. The real progress happens between coaching calls completing the assignments or putting into practice Donn's coaching advice.

## Do I have an assigned weekly call-in slot?

No, there are **no** assigned weekly coaching sessions; in fact, the best use of Donn's expertise is when you need it throughout the

Donn on retainer for a full year to help you work through personal challenges, deal

with project issues, or provide advice on career strategies as you step into a leadership role.

## What coaching areas are offered in this program?

This coaching program does **not** address specifics of your technical expertise but is designed to build leadership soft skills.

## When can I schedule my Zoom coaching calls?

Because of Donn's other consulting projects, speaking engagements, and training commitments, the available days and times for Zoom coaching calls are available on Donn's booking calendar [here](#). Fifteen-minute coaching calls won't interrupt your workday at all. For clients in other countries, [contact Donn](#) to determine a time that will work for both of you. Donn does not take calls on Friday, Saturday, or Sunday. **Come to the call prepared ready to discuss your question, challenge, or problem.**

## How much is the investment for the program?

Normally, investment in this program is \$3,995.00 but for a limited time (until 10 people sign up), the **program is discounted 50% to \$1995.00** for a full year of coaching.

## Is there a guarantee?

There are **two guarantees** with this program. First, if you do the work, you will be successful. Second, if after the first 30-minute call with Donn it doesn't appear the program will be a good fit for you, or both you and Donn agree you won't be able to work together for whatever reason, **your investment will be refunded immediately.**

There are no refunds after the first 30-minute call if you move ahead with the year-long program.

## Is this program only available for people in the U.S.?

No, the program is available to clients in all geographies. All Zoom coaching calls and assignments will be in English.

## How can Donn offer a year's worth of coaching for less than \$2,000?

Good question! While Donn focuses most of his more comprehensive coaching programs with executive-level leaders, he wants to give new leaders the opportunity to tap into his three-plus decades' experience and insight leading people and projects.

The brief Zoom calls and assignments are designed to help new leaders get their "wheels up" in their new role, and not overwhelm them with advanced strategies or techniques that are better suited for senior-level executives involved with higher-level strategic objectives. **This program is a STEAL when Donn's 90-day Executive Influence Excelerator program clients pay \$15,000 for 3 months!**

## What if I'm already in a senior leader/executive position and I really need some focused executive coaching...

This program is **NOT** for you if you are an experienced senior leader. If you need more of Donn's time, expertise, and accountability, he does offer Executive/Leader Influence coaching program options. The [Leadership Influence Excelerator® Coaching/Mentoring program](#) is a 90-day virtual 1:1 program over Zoom.

Donn offers quarterly [Executive V.I.P. \(Value, Influence, and Performance\) Days](#) options for individual executives or their teams.

The [Senior Leadership Growth Consult and Action Plan](#) is an assessment-based program that provides an outside perspective, new clarity, and a plan for taking your leadership and personal brand to the next level. This one-hour consult discusses Donn's proven 9-step process that delivers customized insights and immediate action steps for you and includes one follow-up Zoom call one month later.

## What if I need to call Donn with a question?

Due to Donn's busy schedule, he will respond **via email only** to questions.

It's as easy as that! The Zoom link is embedded in the calendar sign-up page below the registration button.

Nobody wants to hire coach; what they want are fast results that an experienced and successful coach can help them get. The coach's job is not to give answers but to help you find your own answers that will work for you. The coach acts as your **thinking partner**, to help you get unstuck from inside your stories and perceptions (your self-talk narrative that might block your progress). The coach helps you think more broadly for yourself—beyond any blinding anxieties, inherited beliefs, and half-truths or assumptions—that restrict possible actions.

**Can you do this on your own?** Sure you can...but it will take you longer, you'll make more mistakes, and you'll experience more frustration without the expertise of a trusted advisor along the way. And it will likely cost you more in the long run when you factor in lost earnings from taking the slower, longer approach to your leadership goals.

**Are you ready to step up to invest in your own success?** Most people won't; they will be comfortably satisfied with their career inertia that keeps right where they are day in and day out, year in and year out. If that's you, then this program is not for you.

**Once the 10 slots are filled, the investment goes back up to \$3,995.00 for the year-long program. You won't find a better value for year-long, personal, one-on-one coaching anywhere else!**
